

THE FURNITURE AND WOOD INDUSTRY

At ECT we don't just sell adhesives we pride ourselves in supporting our customers to help them implement a manufacturing process suited to their own unique requirements.

We are in daily contact with the adhesive industries most innovative chemists developing new bonding solutions to help our customers improve their finished products, streamline their manufacturing process and reduce their manufacturing costs.

We never compromise on quality and we always offer the best technical and commercial solutions to support your manufacturing process.

We also help and advise our customers on the latest health and safety changes and on how this impacts the adhesives they currently use.

General Wood Bonding Adhesives

- *ECT W 2095 PVA wood adhesive
- *GLX 4 D4 waterproof PVA wood adhesive
- *Apollo A9331/A7510 D4 Liquid Polyurethane wood adhesive
- *Apollo A1015/A1014 D4 Gel Polyurethane wood adhesives
- *Siroflex Mitre weld kits
- *Tuskbond One contact adhesive in aerosol and canisters
- *Apollo A28 brush on contact adhesive

Glass Bonding Adhesives

- *J&S Adhesives Nano 470 light curing adhesive suitable for glass to metal
- *J&S Adhesives Bevelling adhesive range suitable for bonding on glass bevels
- *Araldite 2028-1 two part clear polyurethane adhesive suitable for glass bonding

Door and Fire Door Adhesives

- *Akzo Nobel A201/H201 zero formaldehyde adhesive system
- *Apollo A7521/A9331 Polyurethane adhesives
- *Siroflex Flameguard Fire Retardant Silicone
- *Siroflex Flameguard Fire rated Intumescent Acoustic Sealant
- *Siroflex Flameguard Fire Retardant Foam

Silicones and Sealants

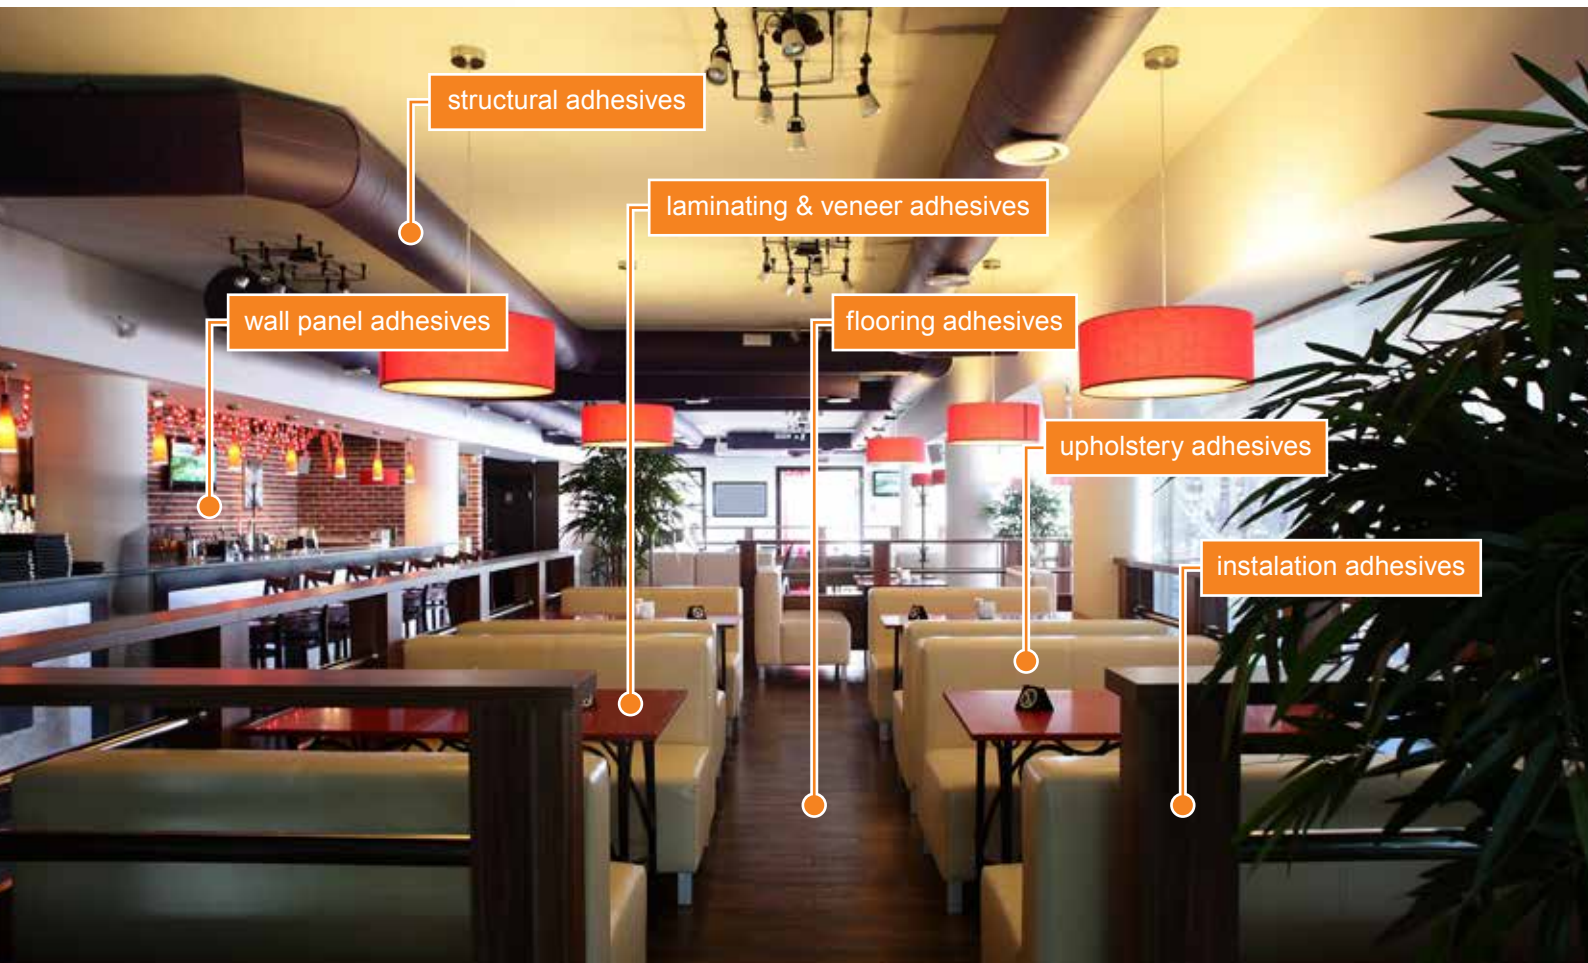

- *Siroflex LMN Silicone
- *Siroflex GP construction silicone
- *Siroflex Clearbond and Seal & Fix
- MS Polymer Adhesive and Sealant

Membrane Press/Post Forming Adhesives

- *Apollo A3727 Neoprene post forming adhesive
- *Apollo A6405 membrane press adhesive

High Temperature Adhesives

- *Apollo A3727 Neoprene contact adhesive
- *Apollo A7510 Polyurethane adhesive
- *Sanglier high temperature trim spray in aerosol cans
- *Sanglier Expro and G550 canister based contact adhesive
- *ACC Silicones Silcoset 158 high temperature silicone adhesive

Wall Panel Adhesives

- *ECT 5002 Two part Polyurethane adhesive
- *Apollo A6546 single part water based adhesive
- *Siroflex Grip & Grab high initial grab MS Polymer adhesive

Structural Adhesives

- *Araldite 2021-1 two part MMA structural adhesive for laminates, metal and plastic bonding
- *Araldite 2014 -1 two part epoxy adhesive for timber and stone bonding
- *Araldite 2028-1 two part clear polyurethane adhesive for glass and metal bonding

Laminating and Veneering Adhesives

- *Akzo Nobel A201/H201 zero formaldehyde laminating and veneering adhesive system
- *Tuskbond One canister based contact adhesive
- *Tuskbond Pebble canister based contact adhesive suitable for use on high gloss laminates
- *Apollo A7510 polyurethane based adhesive
- *ECT W 2095 PVA wood adhesive

Flooring Adhesives

- *Sanglier Tuskbond One canister based contact adhesive for flooring
- *Sanglier CC900 canister based contact adhesive for use on plasticised pvc capping, coving and flooring profiles
- *Sanglier C 6900 canister based one way stick polyurethane adhesive
- *Sanglier Tack 200 canister based tackifier
- *Apollo A6840/A6805 trowel applied flooring adhesives

Upholstery Adhesives

- *Apollo A4000 Dichloromethane free contact adhesive
- *Apollo A8588 Neoprene contact adhesive
- *Sanglier C10, high temperature trim spray and heavy duty aerosol based contact adhesives
- *Apollo A28 brush on contact adhesive

Installation Adhesives

- *Apollo A1015/A1014 Gel Polyurethane adhesive
- *Apollo A9331/A7510 Liquid Polyurethane adhesives
- *Siroflex Glue screws panel adhesive
- *Siroflex Seal & Fix, Clear bond and Grip & Grab MS Polymer adhesive sealant

Founded in 2000, ECT supplies the Irish High Technology Assembly Industries. We provide key adhesive products and solutions to some of Ireland's largest manufacturing companies. We supply various industries such as medical device assembly, electronics, packaging, woodworking, construction, glass, automotive, sign manufacturing and many other market segments. Please contact us or visit www.ect.ie and we will be more than happy to help.

ECT does not just sell a product, we take an application from the beginning to the end providing expert advice and support throughout.

Our experienced and knowledge based technical sales staff have years of adhesive experience and we have an inhouse specialist adhesive chemist who works closely with all applications.
