AquaPAL® 9400 Premium Carton Window Adhesive

Issue 12.1 27/08/19

AquaPAL® 9400 is a premium carton window patching adhesive specifically designed for cartons that intended for deep freeze down to -20°C. It has been developed so that windows cannot be pushed out whilst still frozen, a common problem that is seen with many standard adhesives.

AquaPAL® 9400 is suitable for bonding a wide variety of window types such as PVC, Cellulose acetate and PET.

AquaPAL® 9400 was developed for use in food packaging; please refer to our Food Contact Status Declaration for more information.
