BAG & SACK MANUFACTURE

Experienced Technical Sales team ready to assist

We have developed a portfolio of products to support all types of bag & sack manufacture, as well as the various substrates they are made from, whether that's paper, glassine, foil, grease proof, PVC or OPP. All Pafra products are developed with the same approach in mind; to provide the most cost effective solution at the optimum applied cost.

Pafra offer side seam, bottom paste and cross pasting adhesives suitable for luxury paper carriers, hot counter bags, roll bottom, pinched bottom, SOS sacks, gusseted paper bags, compostable paper sacks, foil lined hot food and counter bags to name but a few. We also offer handle patching adhesives for improving bag stability and loading for both paper and plastic bags.

Our AquaPAL and ThermoPAL range of adhesives are designed for the following types of bags & sacks:

- Film-fronted
- Multi-layered
- Security
- Evidence
- Fast Food
- Medical
- Animal food
- Luxury Carrier
