

Epoxies for food & drink applications

Permabond's range of food grade epoxy adhesives has been formulated with various food and water approvals or compliances in mind. These two-part epoxy adhesives cure at room temperature when mixed and bond a wide variety of substrate materials.

Compliances or Approvals covered:

FDA 175.105

WRAS Drinking Water Approval

EU Food Contact 10/2011

Ideal for bonding:

ABS*

Acrylic*

Aluminium

Brass

Ceramic & Stone

Chrome

Composite

Glass

Laminate

Marble

Nylon*

Polystyrene*

Porcelain

PVC (Rigid)*

Stainless Steel

Steel

Zinc

+Many more materials

*Subject to suitable surface preparation

Permabond® Epoxies for food and drink Features & Benefits

- Toughening - ideal for bonding dissimilar materials
- Easy 1:1 or 2:1 mix ratio - can be manually applied or used with automatic dispensing equipment
- Able to bond a wide variety of substrate materials including stainless steel, plastics and composites
- Gap filling products available
- High shear strength and high peel strength
- Can be heated to accelerate cure speed

Ideal For:

- Bonding food processing machinery for use in food production lines
- Bonding filter end caps and other filter components
- Bonding mesh filter gauze and separating sieves
- Coffee machines, drinks and icecream dispensing machines
- Kitchenware, crockery, cutlery, kitchen fittings and catering equipment

Permabond can custom formulate with FDA and EU 10/2011 compliant raw materials to match your specific requirements.

New!

Countries that prefer not to use FDA guidelines can consider ET5162-formulated to comply with EU 10/2011 legislation.

Food Grade Epoxy Product Data

The following technical data for Permabond food grade epoxies is a guideline and does not constitute a specification. Full technical information, please refer to the technical data sheet, available at www.permabond.com. Our experienced worldwide trained distributor network means no matter where in the world you are located, Permabond representatives can be called upon to assist you with your bespoke applications.
