

S10

Silicone Spray

TUSKBOND

Tuskbond S10 Silicone Spray is a clear, non-staining silicone based lubricant that is suitable for use in a wide range of industrial and domestic applications.

Due to the cleaning and lubricating properties of silicone, Tuskbond S10 Silicone Spray finds uses in the furniture, textiles, construction, bed manufacturing and many other industries, as well as the following:

1. On machinery and moving parts, seized locks, squeaking hinges, sticking draws, metal clothing zips, tools, cutting blades or anywhere that a fine lubricating film is required.
2. As a protective film to inhibit the build-up of dust, fluff and foreign matter on machinery and moving parts.
3. To give a protective water repelling coating to, clothing, tents, golf bags, umbrellas, fishing and camping equipment and other similar items, making them rain and shower proof.
4. Silicone Spray can be used as a general purpose polish on car interiors and door panels.

- ✓ **Multiple uses:** lubricates, penetrates, protects, displaces moisture
- ✓ **Easy application:** sprayable silicone lubricant
- ✓ **Versatile:** safe to use on most surfaces

Usage

Approved substrates:

- Metal
- Plastic
- Rubber
- Wood
- Paintwork

Packaging

Available Sizes:

500ml aerosol

Disposal Info:

Once the aerosol is empty of any hazardous materials and depressurised, it can be considered as scrap metal, in accordance with the national or local waste company, under code EWC 15 01 04* (empty aerosol, non-hazardous residues).

Aerosols that are still pressurised and contain product should be disposed of in accordance with the national or local waste company under code EWC 16 05 04* (full or partially empty aerosol).

Guidelines for use

Preparation:

USE IN A WELL VENTILATED AREA.

Surfaces should be clean, dry and dust free.

Shake aerosol before use.

Application:

Dependent upon application, Tuskbond S10 Silicone Spray should be sprayed onto the surface from 6-10 inches away, if required buff with a clean cloth.

Technical Information

Base/Solvent	Silicone, Hydrocarbon Solvent	Storage Temperature	5°C-25°C
Propellant	Hydrocarbon		
Appearance	Colourless		

IMPORTANT NOTES

Storage & Shelf Life

Protect from extremes of temperature in a controlled environment between 5 and 25°C, and away from direct sunlight. Do not stand on a cold concrete floor.

Stored under the correct conditions, in original, unopened containers, the product will have a shelf life of 12 months.

Temperature & Timings

All information on temperature and timings represent normal working conditions and is provided as a guideline only. However, please contact H.B Fuller for advice if you wish to operate outside of these parameters.
